

Sudarshana Chaitanya B N

B.Tech in Mathematics and Computing

ACADEMIC PROFILE

MnC - B.Tech in Mathematics and Computing	8.2	indian institute of science	2028
Class XII(CBSE)	96	narayana e-techno school	2024
Class X(ICSE)	94.83	Sri vani public school	2022

CERTIFICATIONS

certification of summer school:leanlang for programming	Prof(siddartha gadgil)	2026
---	------------------------	------

PROJECTS

Adversarial robustness in deep neural networks	Mar'26-Apr'26
– Analyzed adversarial transferability across CNN architectures (ResNet, VGG, DenseNet) onCIFAR-10 – Implemented PGD-based attacks and evaluated cross-model fooling rates – Identified gradient norm differences as the primary factor driving transfer asymmetry – Explored Incremental Adversarial Training (IncAT) with Fisher regularization and studied robustness vs accuracy trade-offs	
Verification of SVG	intern
May'26-Jul'26	
• built a pipeline to help verify claims on SVG(scalable vector graphics) through lean, under the guidance of Prof. Gadgil at Emergence AI.	

INTERNSHIPS

emergence	intern	May'26-Jul'26
------------------	---------------	----------------------

COURSES

Analysis and linear algebra 1 (UG)
algorithms and programming (UG)
introduction to electrical and electronics engeneering (UG)
introduction to earth and its environment (UG)
computer systems (UG)
discrete mathematics (UG)
analysis and linear algebra 2 (UG)
introductino to materials science (UG)
probability and statistics (UG)
numerical methods (UG)
basic economics (UG)
data structures and algorithms (UG)
intro duction to basic analysis (UG)
introduction to algebraic structures (UG)
introductino to artificial intelligence and machine learning (UG)
automata and computability (UG)
proofs with lean prover (UG)

LANGUAGES

English, HIIndi , Kannada, telugu, tamil(very scarcely)

EXTRA-CURRICULAR ACTIVITIES

- >served as the A Mess secretary for 1 year.(2024-2025)> currently serving as the convener of the IISC Gymkhana Cricket club(6 months).
